MEXICO LAND AS AN INVESTMENT.

MEXICO LAND AS AN INVESTMENT.

Eastern capitalists last month invested in more than 5,000,000 acres of fand in Old Mexico. They well realize the inevitable raise in land values bound to occur, as soon as the present difficulties are settled. At the same time they well know that Uncle Sam will compel absolute protection to them, and their interests, pending permanent peace arrangements.

Why not let us get you in on the ground floor? We have some very choice farming land just across the river, from where land on the American side is now selling at from \$150 to \$500 per acre, that we are offering at \$25 per acre, all level, some in cultivation, and all cultivated last year, well supplied with ditches and cross laterals. And you don't have to pay \$40 per acre for the water right either, as this is given free. This land is in the township of Juarez and adjoining it, and we can suit you in tracts ranging in size from \$5 acres to 500.

We also have some exceptionally good buys in large tracts, further down in the interior, either for grazing, farming or both.

Now is the time to buy. Let us give you further information or take you down and show you the land. We will be glad to have you phone or call. Remember NOW IS THE TIME.
